48"							

All 45° Long Radius Quad Elbows are 50% price listed above.

Ordering & Assembly Instructions

Unlike straight pipe covering quad sections, the same pieces cannot be used to cover a long radius pipe elbow. Sproule High Temperature Pre-molded Quad Fitting Covers have been specially engineered to accomplish this task. The 'A' pieces are designed to cover the 'throat' of the elbow while the 'B' pieces cover the 'back' of the elbow (see figure at left).

Sproule High Temperature Pre-molded Quad Fitting Covers are also available in 5 1/2" to 8" thick as Sproule Manufacturing High Temperature Pre-Molded Double Layer Quad Fitting Covers. Please call for pricing and availability.

When ordering Sproule High Temperature Pre-molded Quad Fitting Covers please specify the number of 90° elbows and 45° elbows desired. Sproule Mfg. Co., Inc. will then convert your quantities into the correct number of 'A' and 'B' pieces needed. **Please Note:** All Sproule Mfg. Co., Inc. paperwork will specify the number of 'A' and 'B' pieces ordered, not total number of fitting covers. It is recommended to edit your purchase order at the time of ordering to reflect the number of 'A' and 'B' pieces. This should help prevent any confusion upon receiving the order.

Fitting Cover Type	Number of Pieces	
	A	B
Long Radius 90	8	12
Long Radius 45	4	6

All cartons which contain Sproule High Temperature Pre-molded Quad Fitting Covers will have both the above figure and chart printed on the side of the box. This simple diagram and chart have proven a useful guide for insulators in the field unfamiliar with Quad Fitting Covers. If you would like any additional information regarding Sproule High Temperature Pre-molded Quad Fitting Covers, please contact the factory at 1-800-628-6998.

Sproule Mfg. Co., Inc. is constantly adding to its inventory of High Temperature Pre-Molded Fitting Cover molds. **If you have a size that is not listed above, please call.** Depending on the size and quantity, we would be glad to quote you on lead time and availability.

All of the sizes listed above may not necessarily be available. Please call 1-800-628-6998, or visit www.sproule-mfg.com for a list of sizes currently available.
